Like every year, this year too, from 19 June to 5 July 2019, Festivities were held in all schools in which Havan was done by qualified teachers in the presence of school committee members, teachers, parents and alumni students. The tribal Boys / girls take admission in the new session with Yajna, Saraswati and Pujan.

During the Praveshotsav program, the teachers are requested to contact the parents and request to send their boys / girls to the school. The students studying in the school go from door to door in groups by tying Kalava in the hands of the parents and requesting them to send their children to school. Organizing programs such as taking out processions in the village to create the awareness and decorating the intersections, making rangoli at appropriate places, staging short plays showing the importance of education in public places are some of the activities to raise awareness of children education among tribals.
